Adult	>50 kg	5	34	Adult	6.5 – 7.5	3-4	12-14 F	16-18 F	14-18 G

* NP airways are not recommended for children under 1 year of age

** Note uncuffed ETs are recommended for children < 8 years of age or < 25 kg
Average tube depth from gum/teeth = 3x the ET size (note cm at gum/teeth)
