

Maryland Risk Watch CMT

Risk Watch Options

Maryland Risk Watch State CMT Team

Risk Watch is about saving lives and teaching children in their communities. There are three sets of RISK WATCH materials available from NFPA and additional materials on the national websites (NFPA, Home Safety Council, Safe Kids, and Poison Centers) and the Maryland EMSC website and Maryland Emergency Management agency website.

- 1. Risk Watch Injury Prevention (K-8th) for schools & other community programs:**
Each of the 5 binder covers 2 grade levels and comes with CD of student worksheets. Eight Injury Prevention modules are covered with the addition of 911. To participate in the Maryland CMT, each community is asked to identify and submit the team leadership and the four (or more) content areas you plan to focus on. *Limited materials are still available from previous grant funding.*

Injury Prevention Modules: Motor Vehicle Safety, Fire and Burn Prevention, Choking, Suffocation, and Strangulation Prevention, Firearms Injury Prevention, Bike and Pedestrian Safety, Poison Prevention, Falls Prevention, Water Safety

- 2. Ready for Risk Watch (K-3) for community activities and organizations:**
There are 4 sets of packets (K, 1, 2, 3) that include 30 activity books for children and one Educators Guide that are designed to provide “safety smart activities for kids”. The content covers the same Injury Prevention Modules as the comprehensive Risk Watch curriculum. Target audiences include: Weekend safety training and open houses, scouting groups, after school programs, child care, and any opportunity to have children learn about safety.

Injury Prevention Modules: Motor Vehicle Safety, Fire and Burn Prevention, Choking, Suffocation, and Strangulation Prevention, Firearms Injury Prevention, Bike and Pedestrian Safety, Poison Prevention, Falls Prevention, Water Safety

- 3. Risk Watch Natural Disaster (k-8th) for schools & other community programs:**
Each of the 5 spiral notebooks covers 2 grade levels and comes with a CD of activity sheets for children. The program is designed to help children and families take actions toward general preparedness and learn responses to disasters by teaching them the skills and knowledge they need to make positive choices for their personal safety and well-being.

Natural disaster modules are: General Preparedness, Earthquakes, Floods, Hurricanes, Tornadoes, Wildfires, Severe Winter Storms
