

Keeping Kids Safe on Halloween

Halloween is an exciting holiday for children, but they can be vulnerable to injury on this night. To ensure trick-or-treaters stay safe, Safe Kids recommends that children:

Safe Kids Walk This Way

- always trick-or-treat with an adult until age 10
- only trick-or-treat in familiar areas that are well lit
- cross streets at corners, using traffic signals and crosswalks
- look left, right and left again when crossing; always walk, don't run, when crossing streets
- make eye contact with drivers and watch for cars that are turning or backing up
- walk on sidewalks or paths; if there are no sidewalks, walk facing traffic as far to the left as possible
- never dart out into the street or cross in between parked cars
- wear light-colored, flame-retardant, costumes decorated with retro-reflective tape or stickers
- wear well-fitting, sturdy shoes to prevent trips and falls
- carry a flashlight or glow stick to increase visibility to drivers
- wear face paint and makeup; a mask can restrict a child's vision

Driving Safely on Halloween

Drivers need to do their part to keep trick-or-treaters safe from harm. FedEx reminds motorists to be extra careful this Halloween and recommends that drivers:

Safe Kids Walk This Way

- be especially alert in residential neighborhoods
- drive more slowly and anticipate heavy pedestrian traffic on and near the road
- be sure to drive with your full headlights on so you can spot children from greater distances
- take extra time to actively look for kids at intersections, on medians and on curbs
- remember that costumes can limit children's visibility and they may not be able to see your vehicle
- enter and exit driveways and alleys slowly and carefully
- remember that children are excited on this night and may move in unpredictable ways
- remember that popular trick-or-treating hours are during the typical rush-hour period, between 5:30-9:30 p.m.
- reduce any distractions inside your car so you can concentrate on the road and pedestrians
