- H. MEMA: Not present
- IX. Meeting Adjourned

Providing Emergency Medical Care to Metropolitan Baltimore

MIEMSS Region III Office Written Report to Council May 22, 2019

EMS Care 2019: Thanks to everyone who attended EMS Care 2019. EMS Care 2020 planning is already underway, we look forward to seeing everyone.

HC Standard Hospital Contact List: All hospitals are reminded to continue to update their contact numbers in HC Standard. Hospitals can do so by going under their facilities workspace and clicking on the matrix entitled 'Contacts-'Hospital Name'.

Voluntary Ambulance Inspection Programs: Fall VAIP's are in the process of being scheduled.

MIEMSS Emergency Operations: Region III continues to collaborate with Emergency Operations on the regional Ambulance Strike Team (AST).

Base Station Program: Region III continues to work with hospitals who are coming due for redesignation.

CRISP/eMeds®: Region III is working with jurisdictional partners to get MOU's signed.

EMS Grants:

ALS Funding Grants: FY2019 funding requests were approved, and have been distributed to the jurisdictions.

Matching Fund Grant: FY2019 applications were reviewed and prioritized by regional affairs. Award letters have been distributed.

Naloxone Grants: Naloxone Grants for Year II has been distributed, and should be submitted for reimbursement if not done so already.

State Homeland Security Grant Program: FY2018 applications are due May 15. They will be reviewed and approved by regional affairs.

Providing Emergency Medical Care to Metropolitan Baltimore

Maryland Region III Health and Medical Coalition Report to Region III EMS Advisory Council May 22, 2019

The 2019 triage tag days are on hold.

There is a Coalition board available to use for health and medical coalition purposes on the state WebEOC system. Access for all health and medical partners is complete. The group is working with MEMA to set up a test.

Allocation of Scarce Resources framework development is being reviewed by Hopkins. We will then determine next steps.

Members of the Coalition are participating in the UASI training and exercise planning workgroup to determine next steps forward.

The Coalition is maintaining their website. Invites for the member only portal have been sent.

Radios were distributed to hospital emergency managers in Baltimore County, Baltimore City, and Anne Arundel County in April. They are programmed with the MD First channels.

Discussions with CRISP partners have continued. Region compiled a list of initial hospital participants to be given training and access. Access issues will continue to be resolved.

Many lessons learned and areas for improvement were identified from the 2 day JCTAWS (Joint Counterterrorism Awareness Workshop Series). We continue to work on corrective action items.

The UASI Alternate Care Site cache is being maintained in Carroll County and Bayview's storage warehouse. Work continues to sort through the equipment and relocate some. A workday was completed on the cache at GBMC.

The ACS was to co-exist with the GBMC gym while a new gym is constructed. Timeline for return of the building to the Coalition was to be 24 months from 2/18. Further information from GBMC indicates they will not be constructing a new gym. Await feedback from UASI executives on potential next steps.

The Coalition continues to collaborate with the new fire and EMS rep at the MCAC.

Still await feedback from MDH as to guidance from CDC for hospital CHEMPACK needed supplies to be stocked since auto injectors have been removed.

The Coalition awaits further information on next stakeholder meeting for the CCTA project.

Providing Emergency Medical Care to Metropolitan Baltimore

The BP-1 supplemental HPP regional application has been approved. The Coalition has compiled lists of PPE that needs to be replaced. Active assailant kit needs have also been assessed. We have hired a training exercise coordinator whom will be employed by Maryland Hospital Association and starts May 28th.

Plans are underway for the mandatory annual federal HPP evac/surge exercise. State agencies will participate.

The Coalition's annual HVA review has been completed.

A draft Coalition Response Plan was submitted before due date of April 1, 2019. The final is due June 30, 2019.

Working with NDMS for their 2019 tabletop and functional exercise.

Version 6 of our Resource Management Plan is currently being updated.

The next Region III Health & Medical Coalition meeting is scheduled for June 10, 2019.
