

FACILITATOR FEEDBACK FORM

Please answer the questions below by responding on a scale of 1 to 5,
(1 being the least amount/lowest level, and 5 being the highest amount).

1 = least amount to 5 = greatest amount

Question	1	2	3	4	5	NA
1. How much did you learn about occupant protection by teaching the course to youth?						
2. How helpful do you think the in-vehicle part of the course was for youth to learn to be a safer passenger?						
3. How helpful do you think the role plays were to youth to teach being a safer passenger?						
4. How useful do you think the pledging process will be in youth becoming or staying a safer passenger?						
5. Do you think the course will help youth become safer drivers?						
6. How likely do you think youth who took the course are to adopt and maintain safer behaviors for when riding in a car?						
7. How likely do you think parents of youth who took the course are to enforce the agreed-upon pledge for being a safe passenger?						
8. How effective do you think you were in educating youth to get them to practice safer behaviors when riding in vehicles?						
9. In general, how likely do you think preteens and teens <i>who have been in a motor vehicle crash</i> would be to consider adopting safer behaviors for when riding in cars?						
10. How effective do you think healthcare professionals can be doing in-hospital education for <i>youth who have been involved in a motor vehicle crash</i> , to get them to adopt safer behaviors when riding in cars?						

11. What suggestions would you make to improve this course? Please use reverse side to list helpful details or call Susanne with suggestions. _____

Please return this to Susanne Ogaitis-Jones, sogaitisjones@miemss.org, 653 W. Pratt St., Baltimore, MD 21201, or fax: 410-706-3660, OR call 410-706-8647.

Thanks so much for helping pilot this program and for promoting safety!
