ALS Subcommittee

Meeting Minutes

May 19, 2021

Call to Order

The regular meeting of the ALS Subcommittee was called to order at 10:03 a.m. on May 19, 2021 by chairman Dr. Jeff Fillmore.

A motion to approve the minutes from the March meeting was made by Diane Flint. The motion was seconded by Marianne Warehime. The minutes were approved.

Old Business

Protocol Orientation: Collecting, Sharing, and Publishing Data

The jurisdictional medical directors and jurisdictional advisory committee would be a good place to start with getting the jurisdictions on board and getting aggregate feedback from the jurisdictions on how the process is going. Their next meeting is in June. We will ask them to survey their people prior to this meeting so that they are prepared to provide feedback.

Specific questions to ask the jurisdictions to evaluate progress (email any question suggestions to Melissa Meyers):

- Has there been a change in amount of time required to onboard a new ALS clinician?
- To what extent has our program been successful? How would you define success?
- Where do we have room for improvement?
- Has there been a change in remedial cases?
- How has this been helpful/not helpful?
- Are there any trends that you are noticing?

We would continue to update and poll the jurisdictions on our progress at specified intervals.

The data would be compared between groups who have taken the protocol exam versus those who have taken the protocol orientation to determine if there are more/less/same number protocol errors/variances in the protocol orientation group. Data to collect would include the clinician, certification date, date of protocol orientation completion or protocol exam completion. Lisa Chervon is in the process of converting the compliance system to an electronic system. Once she has finished this, we will revisit her ability to also pull data.

New business

PEPP – 4th Edition: Pediatric Education for Prehospital Professionals Hybrid Course

Sponsored by the Maryland EMS for Children State Partnership Grant & EMSC Program

Announcing a new and improved Pediatric Education for Prehospital Professionals (PEPP-4) Course!

The PEPP-4 hybrid course features an all-new lecture on Behavioral Emergencies, role-play activities and learning games, such as trivia, along with updated case-based lectures, videos, hands-on skill stations, and small group discussions. The PEPP-4 Hybrid Course is designed by the American Academy of Pediatrics specifically for both ALS & BLS clinicians with a focus on assessment and management of ill or injured children. Maryland EMS for Children has added additional scenarios and special equipment to correlate with EMS Scope of Practice in Maryland.

BLS Participants must complete 10.25 hours of online learning prior to attending the one-day onsite portion.

ALS Participants must complete 11.75 hours of online learning prior to attending the one-day onsite portion.

Participants will receive an AAP course completion card by participating in both the online and on-site portions of the course and successfully completing a written test.

Required – online learning must be completed prior to attending the course.

Textbook will be mailed with online access code to address provided upon receipt of registration.

CE's: BLS Clinicians will receive 15 hours, ALS Clinicians will receive 18.75 hours
upon completion of both online and on-site components

When:	Saturday, June 12 th from 8:00 AM to 5:00 PM
Where:	Prince Frederick Volunteer Rescue Squad, Company 4 755 Solomons Island Road S., Prince Frederick, MD 20678
Who:	BLS and ALS EMS Clinicians
Cost:	\$25.00

In a pediatric emergency, are you able to answer the following questions in seconds?

- ❏ How sick is this child?
- ❏ How quickly do I need to act?
- ❏ What is your primary concern for the child?
- ❏ How/Where do I transport the child?

Register online @

<https://eecreg3.wufoo.com/forms/june-2021-pepp4-hybrid-course/>

Registration Deadline is Tuesday, June 1st

Space is limited so register early

Maryland EMS for Children State Partnership Grant is providing the course textbook, course materials, faculty, and networking lunch for the course.
