RE: **EMS Base Station Course – Online Training Center**

I am pleased to announce that the MIEMSS Base Station Course is now available in the MIEMSS Online Training Center (www.emsonlinetraining.org). This course satisfies the initial training requirement for all base station personnel (COMAR 30.03.06.03). The course includes a video (approximately 45 minutes in length), a copy of slides for review, the exam, and the course evaluation. **This online course replaces in-person or virtual courses that are delivered by an authorized instructor in real time.**

Please follow the process described below for all personnel who are required to take the MIEMSS Base Station Course:

- All new students should register for an account on the MIEMSS Online Training Center (www.emsonlinetraining.org). Please see the detailed screenshots attached below.
 - For students who already have an account, but forgot their password, please email onlinetraining@miemss.org. Please note that the automated password reset function will not work for hospital personnel.
- All students should complete the “Base Station Education Course,” including the course exam and assessment in the MIEMSS Online Training Center.
- All students must pass the course exam with a score of 80% or better. Repeat exam attempts are permitted.
- Students should download their Certificate of Completion (PDF) before exiting the course.
 - Students should save one copy for their records.
 - Students should email a copy to their hospital’s Base Station Coordinator upon completion of the course.
- Base Station Instructors, Coordinators, or Medical Directors may schedule brief sessions to cover hospital-specific information. These sessions may be in-person or conducted in a virtual format.
- Base Station Coordinators should email copies of the course completion certificates for each participant to the Office of the Medical Director (OMDReporting@miemss.org) once the MIEMSS course and any supplemental hospital requirements have been completed. Please retain a copy of the course completion certificates for hospital base station records.

CC: MIEMSS Regional Coordinators
Regional EMS Medical Directors

Online Training Center Login Instructions:

1. Go to www.emsonlinetraining.org. Login using prior user name and password (if available). If you forgot your password, please email onlinetraining@miemss.org. To register for a new account, please follow the link for Hospital Base Station Access. Please note: you will need a Maryland license number (MD, DO, RN, NP, PA) to register. If you do not have one, please email onlinetraining@miemss.org to create a new account.

www.miemsslicense.com. A red-bordered box highlights the 'Hospital Base Station Access' section, which says: 'Use the link below to register for a NON-EMS Access https://miemss.org/lms-registration'. Below this, it says: 'For password resets or technical issues, please contact OnlineTraining@miemss.org'."/>

EMS Clinician access

The Online Training Center password is linked to your Licensure System Password. You should be able to sign into the Online Training Center using:

Username: Your clinician Licensure username

Password: Your Licensure System password

If these credentials do not work in the Online Training Center, go to the licensure system at www.miemsslicense.com and reset/change your Licensure password. This will reset your Licensure, Online Training Center, and eMeds passwords, simultaneously synchronizing all three to the same password.

Hospital Base Station Access Use the link below to register for a NON-EMS Access <https://miemss.org/lms-registration>

For password resets or technical issues, please contact OnlineTraining@miemss.org

2. For new registrations, please complete all of the fields below. A user name and password for the Online Training Center will be generated and emailed to you. If you do not receive an email within 15 minutes, please check your spam folder. For continued issues with obtaining login credentials, please email onlinetraining@miemss.org.
