Regional and Jurisdictional Medical Directors
JAC
CASAC
EMS Providers

FROM: Richard Alcorta, M.D., F.A.C.E.P. *Richard Alcorta MD*
State EMS Medical Director

DATE: April 1, 2011

RE: Newly Designated Cardiac Interventional Centers

Effective immediately, twenty-three hospitals have been designated as Cardiac Interventional Centers and are accepting STEMI patients that meet the criteria for transport to a Cardiac Interventional Center as directed by the Maryland Medical Protocols for EMS Providers. Additionally, three out of state hospitals have entered into Memoranda of Understanding to accept STEMI patients from Maryland EMS providers. Regional Plans have also been developed for each of the five regions and can be viewed on the MIEMSS webpage in the hospital programs section. A list of the Cardiac Interventional Centers is attached.

Please post this notice and communicate this information to all appropriate EMS providers. If you need any further information, please contact my office at 410-706-0880 or Lisa Myers in the Office of Special Programs at 410-706-4740.
