Emergency Medical Responder (EMR) Program

- 1. Evaluation Skill sheets-Still not receiving them. Remember these forms are required to certify the student.**
- 2. Agencies that use MIEMSS numbers, please add the evaluation forms to the documents section. Agencies using a MIEMSS number, please add the students, status and completion date to the course record as soon as possible. Please send an email to Mark that you course has been completed.**

Emergency Medical Technician (EMT) Program

1. Internship Portfolios- are again not required to be completed to take the EMT practical. For initial EMT application students, they can take the practical without the internship being completed. They will not receive certification until the internship portfolio is received. The provisional student application, can have the internship portfolio signed off by their EMSOPS. There is an area on this application to be checked off and there is a statement to which you are signing off. No internship will need to be uploaded to their account.

2. There is no change in conducting Evaluations. Safety precautions will be in place for both evaluators and testing candidates.

3. Internship portfolios are to be uploaded to the clinicians application. This is for the students that will be required to complete the internship portfolio prior to being certified. Students that have experiencing issues with uploading the internship portfolio, can send the document to Mark @ mnew@miemss.org.

Licensure Update Update

1. Educational module update still having issues: all are being worked on.

National Registry (NREMT) Update
